

TENNESSEE LICENSED PROFESSIONAL COUNSELORS ASSOCIATION

Presents

South Middle Region Counseling Ethics in a Modern Age

Objectives:

1. To review various foundational and core ethical and legal considerations, principles and procedures for the practice of mental health counseling;
2. To learn and understand how to ethically and legally integrate various technology platforms/software into the counseling practice and patient care processes;
3. To learn and understand about the emerging technology of AI and its ethical use in the counseling and patient care best practices;
4. Ethically and legally use AI as an adjunct to documentation, treatment planning and patient care;
5. Understand the options, risks and benefits of AI implementation in the counseling practice;
6. Discuss the importance of informed consent in the context of AI technology - participants will gain a deeper understanding of how to communicate effectively with clients about the use of AI tools, ensuring transparency and maintaining trust in the therapeutic relationship.
7. Provide three Ethics CE hours approved by NBCC.
