

Foundations of Clinical Work with Adverse Religious Experiences (Part I)

A 4-hour in-person NBCC-approved
Continuing Education offering for
mental health providers

Sunday, June 7

9:30 am - 2:30 pm EST

North Chattanooga | \$125

Upon completion, workshop participants will
be able to:

1. Explain categories of Adverse Religious Experiences (ARE's) with examples
2. Describe psychological harm caused by ARE's involving hell doctrine, purity culture, group experiences, corporal punishment, and hierarchical oppression
3. Explain intersectional impact of ARE's with various mental health disorders
4. Identify evidence-based and alternative interventions for addressing psychological harm from ARE's
